WILLOW FOUNDATION

The Willow Foundation is a unique charity that organises and funds very special, morale-boosting and memorable days for seriously ill young adults aged 16-40. The Foundation provides more than 100 special days every month for individuals and their loved ones. There is no other national UK charity that provides special day experiences for the 16-40 age group, across all life-threatening conditions, including cancer, cystic fibrosis, Huntington's and muscular dystrophy. The Foundation strives to create a unique and unforgettable day that is tailored to the needs of every recipient. He or she chooses exactly what they would like to do on their special day and the Foundation aims to meet and, wherever possible, exceed their expectations, making the day truly special. Some of the most popular requests include: trips to West End shows and concerts, tickets to sporting events, family breaks, driving performance cars and trips in hot air balloons and helicopters. The Willow Foundation was founded in 1999 by Bob and Megs Wilson as a lasting memorial to their daughter, Anna, who died of cancer aged 31. Bob Wilson is the former Arsenal and Scotland goalkeeper and TV presenter.

HILTON IN THE COMMUNITY FOUNDATION

Supporting young people worldwide is the mission of Hilton in the Community Foundation. Prioritising those children and young people who are most in need, the Foundation makes grants to support activities in education and health to equip individuals and relieve suffering. Additionally, at times of disaster, the Foundation quickly responds to support relief efforts worldwide, where Hilton operates. As Hilton's official charity, the Foundation focuses its giving particularly on charities that deliver excellent programmes helping disadvantaged children and young people. Hilton funds the core costs of the Foundation, meaning that every net £1 or €1 donated reaches good causes and excellent projects helping young people. The Foundation's grant fund is raised every year through the efforts of Hilton colleagues, guests, suppliers and the general public. The Foundation has helped hundreds of charities and good causes locally and nationally and through them has supported a range of projects for young people such as assisting those with physical or learning disabilities, helping children who have suffered abuse and neglect, homeless or at risk young people, funding medical equipment and much more.
